Here we are, at the end of 2020! What an unusual year it has been, and we were lucky enough to return to some level of normalcy with the return to the classroom at the beginning of term 4.

The children made the most of being back with lots happening for both the 3 and 4-year-old children. This included online incursions such as Reptile Encounters, Melbourne Museum Dinosaur Visit, and Mr Ant's sustainability show, and our end of year concerts and Christmas parties.

The incursions have provided both groups with the opportunity to learn about animals (both living and non-living) and begin to explore both healthy lifestyle choices and respect for the environment.

What a term we have had!

Maintenance Update

Reimbursements have been distributed for the maintenance levy, due to being unable to hold working bees in 2020. We were able to donate \$750 to Backpacks 4 Kids due to the generous donations of families who redirected their levies, so thank you again for your donations.
